Gujranwala, Pakistan

Professional Summary

Motivated MERN Stack Developer and final-year BS Computer Science student with hands-on experience building full-stack web applications. Proficient in React.js, Node.js, Express.js, MongoDB, and RESTful API development. Passionate about writing clean, scalable code and building responsive user interfaces. Seeking an internship or junior developer role to contribute to impactful products within a collaborative engineering team.

Technical Skills

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Axios, Responsive UI Design

Backend: Node.js, Express.js, RESTful API Design, Middleware, MVC Architecture

Database: MongoDB, Mongoose ODM, Schema Design, CRUD Operations

Tools: Git, GitHub, npm, Postman, VS Code

Concepts: Component-Based Architecture, Client-Server Communication, API Integration

Experience

MERN Stack Developer

Jan 2026 – Feb 2026

Self-Directed Full-Stack Project

Punjab, Pakistan

- Engineered a full-stack web application end-to-end using the MERN stack, covering both frontend UI and backend server from scratch.
- Designed and built RESTful APIs with Express.js supporting full CRUD operations (Create, Read, Update, Delete) across all data resources.
- Integrated React.js frontend with Node.js backend via Axios, handling asynchronous HTTP requests and API response management.
- Modeled and managed data using MongoDB with Mongoose ODM, defining schemas and executing efficient database queries.
- Implemented reusable React components and managed application state for a seamless, responsive user experience.

Projects

Full-Stack CRUD Web Application | React.js, Node.js, Express.js, MongoDB, Mongoose, Axios

2026

- Built a complete full-stack app with decoupled frontend and backend communicating through a custom REST API.
- Implemented dynamic form handling with client-side validation, real-time feedback, and state-driven UI updates in React.
- Structured the Express.js server using modular routing and middleware following MVC design principles.

Open Source GitHub Portfolio | React.js, JavaScript, Node.js, MongoDB

2025 – Present

- Actively maintains github.com/codeByTalhaDev with ongoing MERN stack projects demonstrating continuous learning.
- Applies industry practices including version control with Git, meaningful commit history, and modular project structure.

Education

International Institute of Science, Arts and Technology

Gujranwala, Pakistan

Bachelor of Science in Computer Science

2022 – Dec 2026

- CGPA:** 3.73
- Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Systems, Web Technologies, Software Engineering.

Govt. Post Graduate College for Boys, Satellite Town

Gujranwala, Pakistan

Intermediate (FSC) – Pre-Engineering

Aug 2019 – Jun 2021

- Grade:** B

King Edward Grammar School

Gujranwala, Pakistan

Matriculation – Computer Science

Mar 2013 – Feb 2018

- Grade:** A

Additional Information

Open To: Internships, Junior Developer Roles, Remote & On-site Opportunities

Languages: English (Professional Working), Urdu (Native/Bilingual)
